Annual Per Capital Disposal

Employees

Total Number of Employees: 1443

Explain who was included in this number and how was this employee number calculated.

Employee count was calculated using information obtained from supervisors in each location and getting information from our Budgets manager for the District Office count. Employees included were full time and part time positions. Part time calculations were made from info obtained by polling supervisors with part time employees including winter operations, snow removal, chain control. For example, a supervisor hired 40 employees for winter operations and laid them off after 6 months, the total full time equivalent positions added would be 20.

Non-Employee Population

Total number of non-employee population: 7475818

Population Type: Visitors

How was this population number determined?

This count is from California Safety Roadside Rest Areas within the 11 counties that are Caltrans District 3. The number is calculated using data from vehicle counts obtained at the SRRA's and multiplying by 1.63 persons per vehicle, an average obtained by a study and published by the USDOT Bureau of Transportation Statistics.

This number also reflects visitor counts taken from the District Office security guard visitor log book and the children and parents drop off/pick up from the on site daycare.

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

<https://secure.calrecycle.ca.gov/SARC/AnnualReport/Reports/Default.aspx?AnnualReportID=1458>

Date Generated: October 9, 2017 3:18 PM

Page 16 of 50

Disposal

Total amount disposed: 12,205.54 tons

Total transformation: 0.00

How was this disposal number determined?

It was calculated using data supplied to me by engineers on department form CEM-4401. Also through polling (e-mail, phone calls) of supervisors, superintendents and contract managers requesting disposal information from each for their locations.

Annual Results

	<u>Employee Population</u>		<u>Non-Employee Population</u>	
	<u>Target</u>	<u>Annual</u>	<u>Target</u>	<u>Annual</u>
Per capita Disposal Rate (pounds/person/day):	149.50	46.35	0.00	0.01
Per Capita Transformation Rate:	29.90	0.00		
Calculated Disposal Rate (pounds/person/Day):	--	46.35		

Questions

What types of waste are still thrown away (not reused, recycled, or composted)?

Maintenance emergency operations including vehicle accidents and spills on state highways.

Sweeper and Vactor operations on state highways that cannot be recycled due to contamination.

Construction jobs that have mixed debris.

Litter removal from state highways gathered by Caltrans staff, inmates, civic groups, Adopt A Highway volunteers.

What difficulties or obstacles have you had with finding ways to recycle, reuse or compost these types of wastes?

Not applicable.

Programs

Recycling

Beverage containers

Glass

Plastics (#3-7)

This report summary displays the report information as submitted by the agency. To see the final report after any corrections made during the CalRecycle staff review please see <http://www.calrecycle.ca.gov/StateAgency/Reporting/>

Cardboard
Newspaper
Office paper (white)
Office paper (mixed)
Confidential shredded paper
Copier/toner cartridges
Scrap metal
Wood waste
Tires
Construction materials/debris

All the checked areas are recycled by Caltrans District 3.

Material Exchange

Nonprofit/school donations
Internal property reutilizations
State surplus (accepted by DGS)

Caltrans District 3 donates electronic equipment, examples include copiers, computers, fax machines, monitors, printers, etcetera to Chico Computers for Classrooms program. We also transfer between units whenever possible to extend the useful life of the equipment. We cannibalize parts for use on other equipment. The district conducts surplus sales to the public to avoid sending equipment to landfills.

Waste Prevention/Re-use

Paper forms reduction - online forms
Bulletin boards
Remanufactured toner cartridges
Washable/Reusable cups, service ware, towels
Reusable boxes
Reusable pallets
Reusable slip sheets
Electronic document storage
Intranet
Reuse of office furniture, equipment & supplies
Reuse of packing materials
Reuse of construction/remodeling materials

Page 18 of 50

Double-sided copies
Email vs. paper memos
Remanufactured equipment
Rags made from waste cloth or reusable rags
Used Tires
As checked above.

Green Procurement

Recycled Content Product (RCP) procurement policy
Most purchasing for Caltrans is centralized in Sacramento. We purchase recycled paper products. Caltrans Headquarters Division of Purchasing and Contracts in Sacramento reports on these items.

Training and Education

Dedicated Recycling Staff (Existing or planned for 2017.)*
Signage (signs, posters, including labels for recycling bins. Existing or planned for 2017.)*
Employee training (Existing or planned for 2017)*
Adequate number and condition of receptacles (Existing or planned for 2017.)*
Brochures, flyers, newsletters, publications, newspaper articles/ads
*We have a designated recycling coordinator. Signs, posters, labels for recycle bins are on bulletin boards and bins.
Employee training is a part of the guide for a CalCard. Monthly e-mail blasts to all CalCard holders in the District about SABRC.
There are adequate receptacles to place recyclables in our office currently.
Our District Office has gone from Leed Silver to Leed Gold in the past year. We use approximately 39% less water than a typical building. Custodians use cleaning products that meet EcoLogo and Green Seal criteria or are biodegradable, along with products that do not contain phosphates, ammonia or VOC's. Concentrated products are purchased to help reduce packaging.*

Organics

Organic Materials Generated at this location:

Landscape and Pruning Waste
Food Scraps
Food Soiled Paper
